THE LIGHT OF PRODUCTIVITY FOR INDUSTRIAL PREMISES

CONVEO

To ensure that optimum productivity is possible not only on the machine but also within the building, we can offer the tried-and-tested ACANEO high-bays, with a proven track record over many years under harsh conditions. With CONVEO, Waldmann, the market leader for industrial luminaires, is now setting an entirely new standard across the board to enable productive work to be carried out in production, warehouse and dispatch areas of industrial premises. The continuous-row system, sophisticated down to the last detail, guarantees simple, quick planning and enables even highly complex projects to be delivered cost-effectively, with the focus on economy at all times – in new buildings as well as in renovation projects. With all the benefits typically associated with Waldmann.

A system of industrial lighting from the market leader for this sector. With hallmark Swabian ingenuity, CONVEO combines everything that you need for professional operations, as a planner, an installation electrician or as an owner/operator: Extremely simple intuitive installation, safe positioning, ideal light output and ultimate ease of maintenance. With CONVEO you can achieve the right conditions for optimum performance and productivity inside any building.

Intelligence

Precisely the right light in the right quantity at the right time.

Always the right level of illumination for any activity – also in emergencies. The infinitely variable dimming function (DALI), used in combination with an intelligent light management system with scope for integrating sensors, is an additional way to save energy.

High light quality

Perfect viewing comfort combined with ultimate consistency. Specially developed lenses and classes of luminous flux deliver optimum lighting without light-and-dark zones in a wide range of different interior settings. For error-free work and a high degree of viewing comfort.

Mounting

Tool-free, intuitive installation with built-in safety. Installing lighting in industrial buildings has never been this quick and easy. CONVEO is a plug-and-light system taking ease of installation to another level. All components are plugged in and immediate earthing is provided by automatic forced contacting.

Planning

Optimum planning capability with the focus on ultimate flexibility. The open, but protected, bus-bar profile allows for variable spacing of the device carriers and multiple outputs, beam angles, and colour temperatures are available. These factors, combined with a broad portfolio of accessories, provide an almost endless range of planning options.

Sustainability

Sustainability and the reduction of CO2 emissions combined in an optimum continuous-row lighting solution.

In terms of length of service life, CONVEO really has nothing to hide. Carefully selected, durable materials provide a maintenance-free system and the latest LED technology ensures big savings in CO2 emissions.

Application

A continuous-row lighting system – countless application options. Whether clean and dry or dusty and damp, whether production, warehouse or logistics building, whether manufacturing company or storage provider. Up to a lighting point height of 15 metres and up to IP54, always the right lighting solution.

Cost efficiency

Optimum price-performance ratio, precisely adapted to satisfy all requirements. Highly efficient LED technology and a perfect system layout ensure optimum commercial and technical solutions, individually adapted to suit every project, including short amortisation periods.

ILLUMINATING MORE PRODUCTIVELY

With CONVEO you are perfectly prepared for every installation situation. The smart bus bar profile and the ingenious connection technology guarantee optimum function and perfect light for any desired length of the continuous- row system. Plug together without tools for a secure mechanical and electrical connection as well as continuous current feed. Today, the lighting of industrial buildings is this quick, easy and reliable.

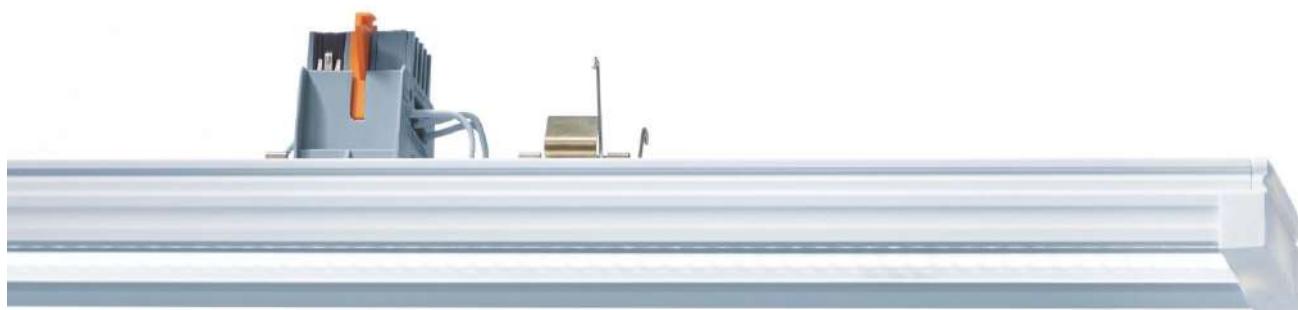

Mounting rail

Made of galvanised steel plate, with integrated bus bar profile and colour-coding.

Fastening

Thanks to continuous profiling and robust clamps, the mounting rail can be fitted anywhere, and can be adjusted longitudinally.

Device carriers

Fully pre-assembled, including integrated seals at the end of the device carrier for a greater degree of protection.

7-pin bus bar ■

5 x 2.5 mm² + 2 x 1.5 mm²

3 separate electric circuits

2 control lines (for DALI)

11-pin bus bar ■

5 x 2.5 mm² + 6 x 1.5 mm²

3 separate electric circuits

2 control lines (for DALI)

2 independent electric circuits for emergency lighting

AS SHORT AND TECHNICAL AS POSSIBLE

Connected load: 220 – 240 V, 50?/60 Hz

Technology: switchable or continuously dimmable (DALI)

Luminous flux classes:	4?500 lm, 8?000 lm or 15?000 lm
Power consumption:	prism optics: 28 W, 55 W or 100 W lens optics: 26 W, 49 W or 88 W
Colour temperature:	neutral white 4?000 K or 5?000 K
Colour rendering:	Ra > 80
LED service life:	> 50?000 h (L80) at Tamax
Light deflection:	lens optics, prism optics or diffuse cover
Optics:	W-optics (wide-beam) or xN optics (ultra-narrow-beam)
Materials:	mounting rail made of sheet steel, device carrier made of aluminium, optics made of PMMA
Weight:	approx. 3.9 kg, mounting rail (1?500 mm) incl. device carrier
Type of installation:	suspended ceiling installation (cable, chain), ceiling-mounted, angled installation
Degree of protection:	IP20 (IP40, IP50 and IP54 with optional accessories)
Permitted ambient temperatures:	up to + 55° C (prism optics – 4?500 lm) up to + 45° C (prism optics – 8?000 lm) up to + 35° C (prism optics – 15?000 lm and lens optics)

Overview of variants

Production Hall

Warehouse and Logistic Hall

Length	Special feature	Model	Order No.
1500 mm	11-pole	CVT 1500/11	00804997
1500 mm	7-pole	CVT 1500/7	00804993
3000 mm	11-pole	CVT 3000/11	00804998
3000 mm	7-pole	CVT 3000/7	00804994
4500 mm	11-pole	CVT 4500/11	00804999
4500 mm	7-pole	CVT 4500/7	00804995

- great robustness
- enhanced degree of protection for harsh environments
- for a wider range of ambient temperatures

W-optics (wide-beam) variants

- Wide-beam optics
- Various luminous flux packages to suit different room heights and activities
- Up to IP54 protection
- Continuous bus bar profile for optimum flexibility during installation and layout adjustments

Planning

Maximum system flexibility and an installation-friendly concept make CONVEO the new darling of industrial lighting planners. Fast access to planning data from the Waldmann website provides an optimum overview of all possible variants. Maximum possible flexibility with planning is guaranteed by the integrated bus bar profile. And with CONVEO, there is precisely the right option for every adaptation. Whether angled, suspended or installed directly. This is how CONVEO creates the ideal conditions for successful projects. With the simplicity, safety, flexibility and efficiency that a professional needs:

- Different lengths of mounting rails with a variety of wiring options
- Device carriers up to 15?000 lm in different light colours and optics – depending upon technical lighting requirements and ambient conditions
- Protective covers and seals to assure the required level of protection

- Mountings for suspended installation from ceilings, for flush-mounted ceiling units and for angled installation
- Options for routing external wiring on the mounting rail
- Sensors for motion detection and daylight control on adapter module for ease of integration in the mounting rail

Accessories

PROTECTIVE COVERS

End cap

Model	Special feature	Order number
CVA EK		338121010-00805020

Sealing clamp in IP54 application

Model	Special feature	Order number
CVA DK		338122010-00805021
CVA DK/R	greater chemical resistance	338122020-00805022

Dummy cover

Model	Special feature	Order number
CVA B/1500	1 500 mm	338124010-00805030
CVA B/3000	3 000 mm	338124020-00805031
CVA B/4500	4 500 mm	338124030-00805032

Dummy cover incl. gaskets for IP54 applications

Model	Special feature	Order number
CVA B/1500/D	1 500 mm	338124040-00805033
CVA B/3000/D	3 000 mm	338124050-00805034
CVA B/4500/D	4 500 mm	338124060-00805035

Gasket for IP54 applications

Model	Special feature	Order number
CVA D	for dummy cover	338125010-00805036
CVA D/R	for dummy cover, greater chemical resistance	338125020-00805037

Safety clamp

Model	Special feature	Order number
CVA B/SK	for dummy cover	338126010-00805038

FEED (ELECTRICAL)

rigid for wires ($\leq 2.5 \text{ mm}^2$), incl. cable entry

Model	Special feature	Order number
CVA E-S/7	7-pin	338123030-00805025
CVA E-S/11	11-pin	338123050-00805027

flexible for stranded wires ($\leq 2.5 \text{ mm}^2$), incl. cable entry

Model	Special feature	Order number
CVA E-F/7	7-pin	338123040-00805026
CVA E-F/11	11-pin	338123060-00805028

Cable insert

Model	Special feature	Order number
	greater chemical resistance	338211010-00805995

Cable guide on mounting rail

Model	Special feature	Order number
CVA KK/4500	cable duct, 4?500 mm, incl. fastening clips	338127010-00805039
CVA KH	cable holder (10 pieces)	338128010-00805040

CONNECTOR

mechanical + electrical for mounting rail

Model	Special feature	Order number
CVA V/200/7	7-pin	338120030-00805002
CVA V/200/11	11-pin	338120040-00805003
CVA V/600/7	7-pin	338120060-00805005
CVA V/600/11	11-pin	338120070-00805006

mechanical for mounting rail

Model	Special feature	Order number
CVA V	internal	338120010-00805000
CVA V/A	external (additional), IP20	338120080-00805007

Mounting aid

Model	Special feature	Order number
CVA MH	for electr. connectors and feed	338129010-00805041

FASTENERS

Suspension

Model	Special feature	Order number
CVA AKH-S	with hook, incl. quick adjuster	338137020-00805056
CVA AKH-E	with hook, incl. adjusting nut	338137010-00805055
CVA AS-O/1500	with wire cable, 1?500 mm, incl. lug for hook (ceiling)	338132010-00805046
CVA AS-O/3000	with wire cable, 3?000 mm, incl. lug for hook (ceiling)	338132020-00805047
CVA AS-D/1500	with wire cable, 1?500 mm, incl. ceiling fixture	338132030-00805048
CVA AS-D/3000	with wire cable, 3?000 mm, incl. ceiling fixture	338132040-00805049

Ceiling mount

Model	Special feature	Order number
CVA AD	distance from ceiling H = 22 mm	338133010-00805050
CVA AD/10mm	distance from ceiling H = 10 mm	338133020-00805051

Angled mount

Model	Special feature	Order number
CVA AK-V	for chain suspension (max. 45?°)	338137040-00805058
CVA AD-V	for direct mounting on wall/?ceiling (30?°, 45?°, 60?°)	338138010-00805059
CVA AKH-V	with hook, incl. transverse slot	338137030-00805057

Chains and chain accessories

Model	Special feature	Order number

KK	knotted chain, running meter	338134010-00805052
SH	S-hook	338136010-00805054
KH	karabiner hook	338135010-00805053

SENSORS

Universal adapter module

Model	Special feature	Order number
CVA UA	for the integration of additional components such as sensors, 11-pin	338196010-00805630

Daylight sensor on universal adapter module (dimming)

Model	Special feature	Order number
CVA PD4-M-DALI/DL /500/11	installation height: 2 m – 5 m, DALI-Broadcast	338198010-00805625
CVA PD4-M-DALI-GH/DL/500/11	installation height: 5 m – 16 m, DALI-Broadcast	338198020-00805626

Presence/?/daylight sensor on universal adapter module (switching)

Model	Special feature	Order number
CVA PD4-M-1C(L2)/500/11	installation height: 2 m – 5 m (round), master	338194010-00805617
CVA PD4-S(R5-)/500/7	installation height: 2 m – 5 m (round), slave	338194020-00805618
CVA PD4-M-1C-GH(L2)/500/11	installation height: 5 m – 16 m (oval), master	338194030-00805619
CVA PD4-S-GH(R5-)/500/7	installation height: 5 m – 16 m (oval), slave	338194040-00805620

Presence/?daylight sensor on universal adapter module (switching + dimming)

Model	Special feature	Order number
CVA PD4-M-DALI/500/11	installation height: 2 m – 5 m (round), master (DALI-Broadcast)	338194050-00805621
CVA PD4-S(R7)/500/11	installation height: 2 m – 5 m (round), slave	338194060-00805622
CVA PD4-M-DALI-GH/500/11	installation height: 5 m – 16 m (oval), master (DALI-Broadcast)	338194070-00805623
CVA PD4-S-GH/500/11	installation height: 5 m – 16 m (oval), slave	338194080-00805624

Presence/?daylight sensor on universal adapter module (for external control)

Model	Special feature	Order number
CVA PD4-BMS/500/7	installation height: 2 m – 5 m (round), DALI	338199010-00805627
CVA PD4-BMS-GH/500/7	installation height: 5 m – 16 m (oval), DALI	338199020-00805628

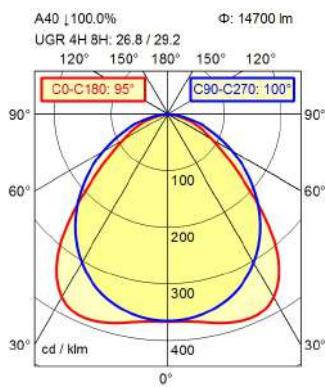

Infrared adapter

Model	Special feature	Order number
	for the configuration of CVA PD4 sensors by smartphone	338195010-00805629

Continuous-row system CONVEO

CVG 15000/840/W-P/DA/7

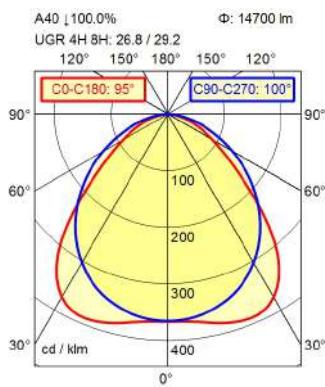

226848059-00804941

Light source	LED; IK06
Work equipment	Adjustable electronic ballast, digital DALI
Connected load	220 - 240 V; 50 Hz; 60 Hz
Power consumption	ca. 100 W
Lens	W optics, wide beam
Luminous flux	approx. 14.700 lm
Luminous efficiency ¹⁾	approx. 147 lm/W
Light type/-color	Cold white
Colour temperatur	approx. 4.000 K
Color rendering index	CRI ≥ 80
Light distribution	Direct; approx. 100 %
Beam angle	95° / 100°
Chromaticity tolerance LED	< 3 SDCM
Glare control	Optics
Luminance (L65)	≤ 47.400 cd/m ²
UGR class (4H 8H; EN 12464-1)	> 28
System of protection/Class	IP 54; I
Technology	Continuously dimmable
Housing	Aluminium; Powder coatet; White
Light source cover	Acrylic (PMMA); Satine
Fastening	Available separately
Minimum ambient temperature	-25 °C
Maximum ambient temperature	33 °C
Life expectancy LED	L80B50 50.000h
EAN	4013330006662
Weight without/incl. packaging	ca. 2,2 kg; 2,4 kg
Packaging dimensions	ca. 1.520 mm; 75 mm; 83 mm

¹⁾ For luminaires with separate control gear, the luminous efficacy refers to the luminaire head without control g

Light type/-color	Cold white
Colour temperatur	approx. 4.000 K
Color rendering index	CRI ≥ 80
Light distribution	Direct; approx. 100 %
Beam angle	43° / 102°
Chromaticity tolerance LED	< 3 SDCM
Glare control	Optics
Luminance (L65)	≤ 14.300 cd/m ²
UGR class (4H 8H; EN 12464-1)	≤ 25
System of protection/Class	IP 54; I
Technology	Continuously dimmable
Housing	Aluminium; Powder coatet; White
Light source cover	Acrylic (PMMA); Satine
Fastening	Available separately
Minimum ambient temperature	-25 °C
Maximum ambient temperature	55 °C
Life expectancy LED	L80B50 50.000h
EAN	4013330007379
Weight without/incl. packaging	ca. 1,9 kg; 2,1 kg
Packaging dimensions	ca. 1.520 mm; 75 mm; 83 mm

¹⁾ For luminaires with separate control gear, the luminous efficacy refers to the luminaire head without control g

Work equipment	Adjustable electronic ballast, digital DALI
Connected load	220 - 240 V; 50 Hz; 60 Hz
Power consumption	ca. 47 W
Lens	W optics, wide beam
Luminous flux	approx. 8.100 lm
Luminous efficiency ¹⁾	approx. 172 lm/W
Light type/-color	Cold white
Colour temperatur	approx. 5.000 K
Color rendering index	CRI ≥ 80
Light distribution	Direct; approx. 100 %
Beam angle	79° / 76°
Chromaticity tolerance LED	< 3 SDCM
Glare control	Optics
Luminance (L65)	≤ 4.400 cd/m ²
UGR class (4H 8H; EN 12464-1)	≤ 22
System of protection/Class	IP 54; I
Technology	Continuously dimmable
Housing	Aluminium; Powder coatet; White
Light source cover	Acrylic (PMMA); Satine
Fastening	Available separately
Minimum ambient temperature	0 °C
Maximum ambient temperature	42 °C
Life expectancy LED	L80B50 50.000h
EAN	4013330009076
Weight without/incl. packaging	ca. 1,9 kg; 2,1 kg
Packaging dimensions	ca. 1.520 mm; 75 mm; 83 mm

¹⁾ For luminaires with separate control gear, the luminous efficacy refers to the luminaire head without control g
